Subject: Hasdrubal Support

Captain

On Behalf of BGT I would thank to pass on my personal thanks to yourself and the crew of Sarost 5. Throughout the past 3 weeks the vessel has provided fantastic service to the A4 well intervention campaign and Hasdrubal Operations, including some atrocious weather, when other vessel left the field you stayed resolute in support.

You crew continue to perform works with safety paramount. I often watch lifting activities from the platform and not once have I witnessed any not fully attired in correct PPE and safety equipment

Thanks Again
