

To whom this may concern

This letter is in recognition of a dedicated Logistics Team that was provided by Sarost for the duration of our operation on the Zarat Field. In my position as Logistics Superintendant it has been a pleasure to be with this team through all the trials and tribulations they have faced and to see them still smiling at the end of the day.

Safety has been at the forefront throughout the operation as has efficiency, materials movements have gone without a hitch both on land and sea. Personnel Movements and Helicopter flights have also been handled in a very professional manner by an exceedingly hard working member of the team.

Many thanks to the whole Team from me and my Colleagues in the SONDE/ALPHA Operations Group, it has been a pleasure that we all hope to repeat in the future.

Yours sincerely

Alistair R. A. Simpson
SONDE/ALPHA Logistics Superintendant
Sfax
